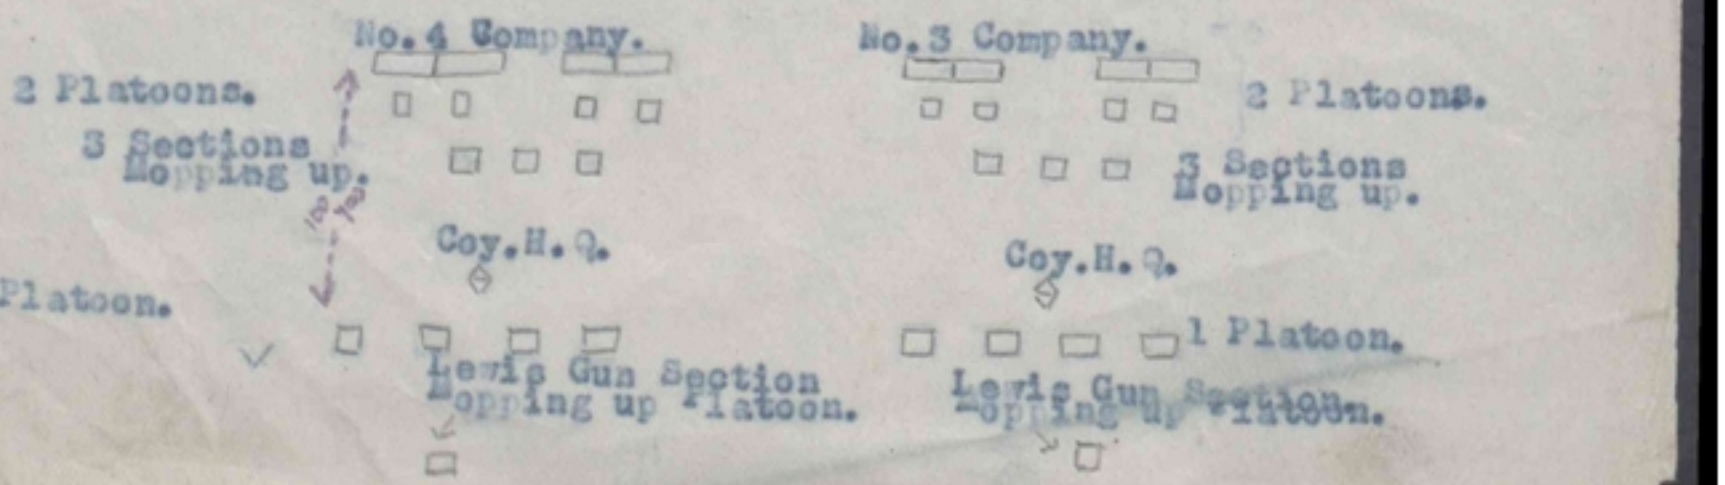
1st BATTALION IRISH GUARDS.

NARRATIVE ACCOUNT OF OPERATIONS.

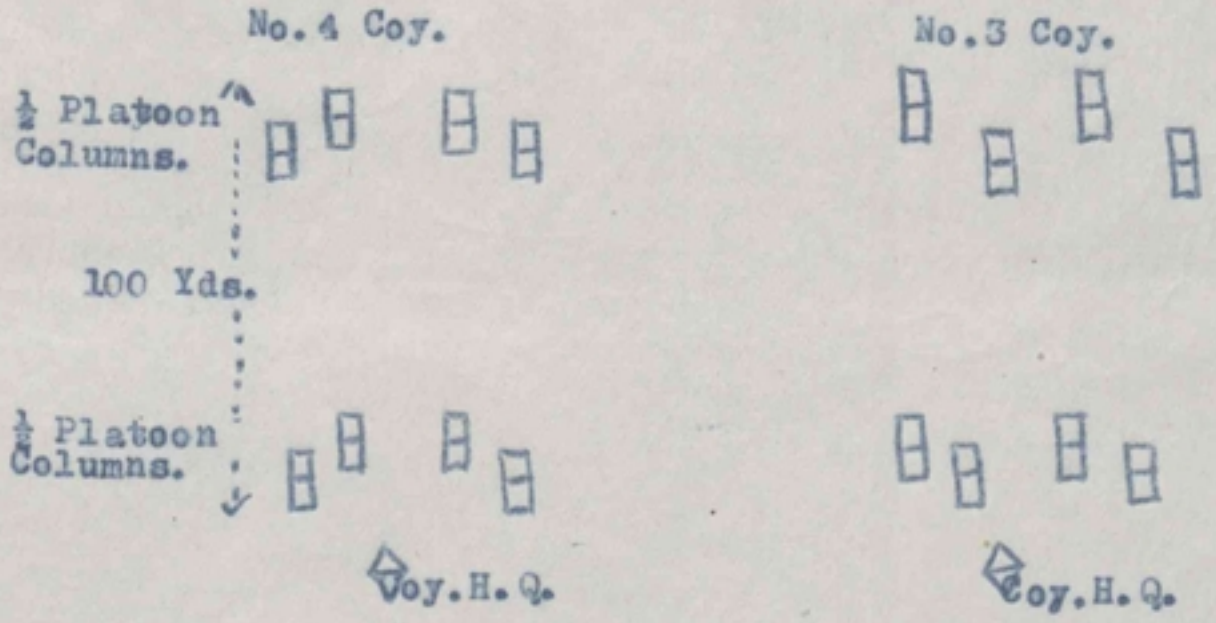
OCTOBER 8th to 11th 1917.

The Battalion marched from ABINGLEY CAMP (B.7.c.Central) at 9.30 p.m. October 8th 1917, in the following order:- H.Q., No.3 Coy.(Capt.R.B.S. Reford), No.4 Coy.(Lieut.N.B.Bagenal) No.1 Coy.(Capt.The Hon.P.J. Ogilvy), No.2 Coy.(Lieut.D.S.Browne) - Capt.R.J.P.Rodakowski accompanied Battalion H.Q. as 2nd-in-Command.
All day it rained hard and it was still raining when the Battalion paraded to march to their assembly positions.
The Battalion marched via TRACK 11 - WOESTEN - ELVERDINGHE - BOESINGHE ROAD up CLARGES STREET to ABRI WOOD, then RIGHT TURN to CANNES FARM, and then along guide POSTS to ASSEMBLY lines which were marked by tapes and white sighboards.
2nd Lieut.B.M.Harvey had charge of marking out the assembly lines and also of the guides for assembly areas who met the Battalion at RUISSEAU FARM.
The Battalion marched into their assembly positions behind the 3rd BN. COLDSTREAM GUARDS. The latter stages of the march up the duck-board track was very slow and it was not till 4 a.m. that the Battalion was formed up, ready to move off.
The rain ceased at 11 p.m. and after that the night was fine, and the late moon was a great help. The Battn. H.Q. was on WIDJENDRIFT RD about U.21.d.65.70 till about 3.15 a.m. on October 9th when it moved forward and dug in at U.22.a.6.6., close to Battn.H.Q. of 3rd BN. COLDSTREAM GUARDS. The Battalion suffered very few casualties getting into their assembly positions.
Zero was at 5.20 a.m. The Battalion remained in their assembly positions till 6.20 a.m. when they moved forward to a position about 400 yards North of the BROMBEEK, which was crossed at 6.50 a.m. There were no bridges on our part and the river had a considerable amount of wire on the banks. The stream was about 3' 6" deep with a muddy bottom. While the Battalion was waiting on assembly area the shelling was heavy but the Battalion was lucky and suffered few casualties. During the move forward to position across BROMBEEK there was no shelling at all. The Battalion halted and reorganised N.of BROMBEEK and moved forward at 7.35 a.m. to a position about 200 yards behind 2nd OBJECTIVE where they remained till 8.20 a.m. The Battalion had followed the 2nd BN.GRENADIERS who had captured the 1st and 2nd Objectives. We moved forward through the 2nd BN.GRENADIERS at 8.20 a.m. and formed up under the barrage.
At 8.55 a.m. the Battalion advanced to the capture of the Final OBJECTIVE.
Considering the fact that there were very few landmarks, and those there were, were very difficult to locate, the direction throughout the advance was well kept, though there was a strong tendency to go towards the RIGHT which had to be constantly checked.
When the Battalion halted behind the 2nd OBJECTIVE, the Leading Coys, No.3 on RIGHT, No.4 on LEFT deployed for attack thus:-



The National Archives reference WO 95/1216/1

The Supporting Coys.No.1 on RIGHT No.2 on LEFT deployed later when the leading Coys.moved forward to form up under the barrage. Previous to deployment the Battalion was in ARTILLERY FORMATION thus:-



The Supporting Coys.were in a similar formation 150 Yards in rear Battn.H.Q. was in rear of Battn.and was followed by one section of M.G.Coy.detailed to go to special points,EGYPT HOUSE and U.12.a.Central,and one sub-section under orders of Battn.Commander. When the advance to final objective commenced at 8.55 a.m. the Battn.was too much to the RIGHT,the Left resting on EGYPT HOUSE and the RIGHT was some way S.E. of CAIRO HOUSE.
Throughout the advance the closest touch was maintained with 3rd Bn.COLDSTREAM GUARDS on our left. The Troops on the RIGHT were a long way behing us throughout attack and especially so from the 2nd OBJECTIVE onwards. The first point that gave any trouble was EGYPT HOUSE. Then the BRICKFIELD where a small body of the enemy fought with great determination. The advance was never checked though it was much worried by SNIPERS from HOULTHURST FOREST and the RIGHT FLANK. There were some enemy M.G's on our RIGHT which caused us some casualties and annoyance,especially just N.E. of CAIRO HOUSE. The Battn.reached the final OBJECTIVE The LEFT was about U.6.d.55.45. The RIGHT about U.6.d.90.30 and thence refused back to connect with a Battalion of NEWFOUNDLANDERS that attacked on our RIGHT and came up later and formed a defensive flank. Their nearest post was about U.12.b.8.4
After reaching final Objective and during consolidation,the sniping was very bad and resulted in heavy casualties to Officers.
The Battn.consolidated with 4 Coys practically all in Front Line, as the Waves had all got mixed up before Final Objective was reached.
During the rest of the day there was very little shelling.
Battn.H.Q. was established at EGYPT HOUSE.
Considerable enemy movement was observed along S.edge of HOULTHURST FOREST - ROAD RUNNING W.from COLBERT X ROADS - TURENNE Xing and HUTS to N.E.
At 5.10 p.m. the S.O.S. went up on 2ndGUARDS BRIGADE Front and our Artillery put down a barrage.
About 7.20 p.m.the enemy were seen to be advancing, the Troops on our Right retired,leaving our RIGHT Flank exposed. 3 Platoons went back to a line about 50 yards N.E. of the EGYPT HOUSE ROAD and the remainder of the line bent back from ANGLE POINT. The personnel of Battn H.Q. dug in at CAIRO HOUSE and were relieved later by 1 Platoon 2nd Battn.GRENADIER GUARDS.
Our Line after this advance of the enemy ran roughly as shown on map. During night connection was obtained with a Battalion of

The National Archives reference WO 95/1216/1

HAMPSHIRE REGT. near EGYPT HOUSE ROAD. This Battn. had been sent forward when the other Troops on our RIGHT withdrew.
At 3 a.m. Battn. H.Q. moved to a position in the open about U.12.a.Centr as EGYPT HOUSE was now practically Front Line.
On October 10th the enemy sniped our Front Line continuously and caused us casualties. Enemy shelled line of 2nd OBJECTIVE (which was occupied by 2nd BN. GRENADIER GUARDS) intermittently throughout the day. Enemy opened heavy barrage on SUPPORT LINE about 5.20 p.m. and about 15 minutes later our artillery replied with a very fierce barrage on their S.O.S. lines, which drew from the enemy a very heavy barrage of considerable depth (EGYPT HOUSE ROAD to 2nd OBJECTIVE) No infantry action took place on our Front. About 7.30 p.m. the Battn. was relieved by 2 Coys. 1st Battn. GRENADIER GUARDS. The remaining 2 Coys. 1st Battn. GRENADIER GUARDS took over from 2nd Battn. GRENADIER GUARDS in the SUPPORT LINE on 2nd OBJECTIVE.
On relief the Battn. marched to RUGBY CAMP (B.9.a.9.6) via Taped track from CAIRO HOUSE to KOEKUIT ROAD near BROMBEEK and thence via DUCKBOARD TRACK via CANNES FARM. Thence by CLARGES STREET - HUNTER STREET - BOESINGHE to Camp. Battn. was complete in Camp about 3.30 a.m. Progress on duck-board track being very slow owing to bad condition of track near CANNES FARM.

NOTES:-

No bombs were used at all. They were only carried by MOPPERS and BOMBING SECTIONS.
Rifle Grenades (HALES) werebused.
S.A.A. & VERY LIGHTS ran short and were frequently called for by Front Coys. The Supporting Battn. was able to meet all our demands and sent forward to Battn. H.Q.
S.O.S's sent up on afternoon of October 9th on our front and repeated from EGYPT HOUSE brought no reply from ARTILLERY.

FRONT LINE	24 XI 17.		The Reserve line was made into a continuous line & enlarged & improved. The night passed quietly on our front. During the above the movements of the Transport & details were as follows. When the verbal message was received to follow in rear of the Column they had to wait owing to their position until the Transport of the other units had moved & also the 2nd Bn G. G. At about 9. p.m. our Transport & details moved off in rear of the Beaver Coy of the 4th Field Ambulance who were following the Machine Gun Coy & 2nd Bn G. G. Apparently the Transport & details of the other units received different orders as they were not seen & did not go same route as the Brigade had taken. The details arrived at the first French of the HINDEN BERG ~~ORGH~~ LINE & crossing over by a very bad wooden bridge went on to the second line of the HINDENBERG LINE about 200 yds further on and about 300 yds from the CANAL DU NORD. NARRATIVE of OPERATIONS

Nov. 30th 1917

REF. MAP. Enemy Rear Organisation Sheet 2. Ed. 2.

About 10.30 am. orders were received for the Brigade to march to HEUDICOURT, the Bn to pass the starting point at fork roads Q.19.d.5.2 at 12 noon. A rumour had been in circulation during the morning that the Germans had attacked at GONNELIEU & broken through.

About 11.15 am. an urgent order was received saying the Brigade wld march to GOUZEAUCOURT the Bn to pass the starting point at X roads in METZ Q.20.c.6.8 at noon. The rumour of the Germans having broken through was now confirmed as artillery-men - horses - engineers & infantry men were seen coming back over the ridge between METZ & GOUZEAUCOURT wood. The congestion in the village was now so great that it was considered impossible for the Bn to try & pass the starting point in the village as ordered & the Bn was paraded outside the billets on the open ground Q.20. central.

At noon the Bn moved off in artillery formation. No 2 Coy on the right followed by No 1 Coy and No 4 coy on the left followed by No 3 Coy. In this formation the Bn advanced as far as ridge Q 28 Central just clear of GOUZEAUCOURT WOOD. Here it halted & fixed bayonets. Meanwhile the H.Q. limber - L.G. limbers & packponies & Maltese Carts had followed the road & halted in the valley to the left of the road below GOUZEAUCOURT Wood.

The National Archives reference WO 95/1216/1

The Bn was given its objective i.e. the ridge 120 metre contour W. of GOUZEACOURT village. The 3rd B. Coldstream Gds were on the right of the Bn - no troops attacking on the left. After fixing bayonets the Bn advanced again in line with the other 2 leading Bns of the Brigade. The Bn was still in artillery formation & the order given was for the Bn as soon as it came under M. G. fire to deploy into line.

While the Bn was approaching GOUZEACOURT WOOD the enemy had been shelling the E. edge of it but ceased as the Bn arrived there. Soon after leaving the wood the Bn came under M. G. fire from the right. The village & the ridge W. of the village. The MET Z - GOUZEACOURT Road had been given as the right boundary of the Bn but the right company crossed the road in part the men seeming to make for the M. Guns firing from the right. As the village was approached the casualties became heavier from M. G. fire but the Germans appeared to be preparing to leave the village. The Bn continued its advance without checking & cleared the village shooting & bayonetting a few Germans who waited too long & capturing a machine gun. The Bn passed through the village & up the slope the other side finally settling down at dusk to the line line2 about S 36. d. o. 4

This was another point where the enemy entered our Trench when he attacked later. The remaining 2 platoons of No 4 Coy were in FLAG RAVINE & were the only reserve the Bde had E of GOUZEAUCOURT WOOD. IN THE LINE	5/12/17	6.30 a.m.	At 6.30 a.m. the enemy put down an intense barrage of all calibres behind our front line with a trench mortar barrage on our front line and cut off all communication. The enemy then attacked the Sector of the line held by Nos 2 & 3 Coys. The barricade in the forward sap at R. 25. c. 3.9 was knocked down by a direct hit from a trench mortar and the enemy entered our trench at this point. The enemy also entered on the extreme right of No 2 Coy and captured 3 or 4 bays of the trench. A counter attack was quickly organised, and by leaving the trench and attacking over the open the enemy was soon ejected and our line fully restored. About this time the enemy advanced across the open in two lines & in considerable strength from the direction of GONNELIEU. This attack was beaten off by Rifle & Machine Gun fire. As the enemy turned about to retire they were heavily bombed by their own side! The enemy was in pack order and so evidently meant to occupy our trenches. No bombers were wearing heavy armour. Considerable casualties were inflicted on the enemy. Our casualties were 1 officer (2/Lt CAREY) killed, 4 other ranks killed and about 30 wounded. Our casualties were nearly all caused by bombs & trench mortar fire.

TRENCHES	22/1/18		The trenches were better than during the last tour but a lot of work was still required to be done. Owing to the Bns weakness (French Strength 382 O.R.) it was decided not to hold certain posts as they could not be properly garrisoned nor would it give the men a chance to work at the trenches. Therefore Posts Nos 5, 7, 8, 10, 12 were not held at all & by day ~~A~~, Nos 4, 6, 6A, 10A were not held. The dispositions of the Brigade were altered & No 3 Coy was sent back to us from Nr. of river & were distributed 2 platoons in WELFORD RES. and 2 by Bn H.Q. The 2nd Bn GREN GDS on being relieved had reported a German post at I 25. d. 40. 80 & an attempt was made to capture it. As the Germans were only there by night the scheme was to occupy it before the Germans got there & surprise them on their arrival. At 5.30pm 2/LT. STACPOOLE & 7 O.R. crept along at the bottom of the bank & occupied the post but tho' they remained there all night the Germans never came. A patrol was sent out at midnight across valley to I.25.d. 70.75 & found a

	22nd 23rd 24th 25th		a certain amount of wiring of support lines was accomplished. The enemy appeared to be very inactive, though there was a slight increase in hostile T.M. Artillery & aerial activity. The enemy also appeared to object very strongly to our aircraft crossing his ~~lines~~ lines. The weather was very fine during this tour, there being only one wet night. The strength of the Bn: in the line was Officers 18 O.R. 489. Casualties during tour 1 Man killed by small T.M.; 1 Man badly wounded by Rifle Grenade. 1 Man wounded by T.M. while wiring in front of front line. 2 men gassed on working party. 3 men gassed near dug out G3, while in Support. 1 Sentry wounded outside dug out G3 by Shell fire. Total 1 killed, 3 wounded & 5 gassed. During the month the Household Battalion was disbanded and 60 O.R. were allotted to the Bn: This marks the beginning and is the first official recognition (of the fact) that the IRISH GUARDS cannot keep up the supply of IRISH recruits. A most regrettable epoch in the history of the Regiment. Another change also occurred during the month. The Brigades were each reduced by 1 Battalion.

NARRATIVE of RAID

BY 1ST BN IRISH GUARDS

Night of 27/28 May 1918.

(A). GENERAL IDEA.

To wish Enemy post between points F.12.a.55.85 and F.12.a.55.34. to secure identity also dead. The Raiding party to be assisted by artillery.

(B). METHOD. (a). Artillery. An 18pr. barrage was put down on GERMAN OUTPOST LINE from F.12.a.65.45 to ~~F.6.b~~ F.6.c.55.20. At ZERO +1 min. the barrage lifted back 300 yds. From ZERO to ZERO +15 mins a standing 18pr. barrage was put down from F.6.c.45.30 to A.1.d.25.60. Also from A.F.6.15.55 to A.1.d.15.40, and from F.12.a.20.30 to F.12.a.90.45. At same time 4.5 Hows. put a barrage down from F.6.c.8.4 to A.1.d.4.5 and from A.1.d.50.65 to A.2.c.20.80.
From ZERO to ZERO + 10 min. Right & Left Groups fired concentrations on Enemy Trenches in F.11.d A.7.d & b & A.2.c.

(b). INFANTRY. The forming up tape was laid in front of our wire opposite N.E. Corner of ORCHARD. The Enemy post had been reconnoitred earlier in evening & was known to be occupied & not wired. The moon was Exceeding by Bright & the Raiders had to crawl out in "twos" & "threes" to forming up tape, the right Land men going first and the others going out to them & then passing away to the left. All were in position on tape at ZERO - 5 min & at ZERO -1 min they had instructions to creep forward in about 70 yds. from Enemy post, & barrage allowed of it at ZERO hour to crawl even nearer.

Faces were blackened before starting & bayonets covered
-all identification removed from raiders uniforms.
AT ZERO the barrage came down lifting beautifully
and just beyond enemy post, & the Raiders carried out
their instructions by taking advantage of it to creep
still nearer to the enemy post. About 2 seconds
before the barrage actually lifted the Raiders charged
into the post. The Germans were seized before they
had time to offer any proper resistance.
The Raiding Party had been told off into 3 parties
Right, Centre, & Left. The 2 flank parties were to
sweep round the flanks of the post & cut off any
retreat, or in the event of the post being found
empty owing to enemy retreating before the
barrage then the flank parties were to go on
50 or 60 yds behind & search for any dead
or wounded caught by the artillery barrage.
But the GERMANS had no time to leave the post.
The Raiders were back with their 5 prisoners in 10
mins. No casualties. Great thanks were due
to the 'F' Batty R.H.A & How: Batty. R.F.A. for their
lifting barrage on enemy post which was very intense
& accurate.
The Raiding Party formed up on tape at the start
in one line at 1 yard interval. The officer &
Sgt. in centre and a Cpl on each flank.

(3) Strength 1 officer (2/LT C. S. O'BRIEN)
30 O.R. (including 2 stretcher bearers).
Other stretcher bearers were waiting at point of
exit in case of need.

(4) RETALIATION. Slight & easterly on AYETTE.
